

Academic Results

“In 7 out of the last 9 years our pupils have been in the top 1% of students nationally for exceeding their expected GCSE results.”

At Tettenhall College, we are proud of the academic success of our pupils as year after year they continue to excel at GCSE and A level. We are consistently in the top three performing schools in the Wolverhampton area, and for 7 out of the last 9 years our pupils have been in the top 1% of students nationally for exceeding their expected examination results.

In the last 4 years our pass rate at A level has never fallen below 98% and on average over 50% of the grades achieved have been at the highest levels of either an A*, A or B.

As the competition for university places increases, our pupils are successful in gaining entry into their first choice universities. We offer qualifications that enable our students to obtain places at highly selective universities such as Oxford, Cambridge, Durham, Bath, UCL and Kings College London.

At GCSE our small class sizes and excellent pastoral care ensures that pupils continually achieve far beyond initial expectations. Unlike some other schools, it is Tettenhall College's policy that all pupils, irrespective of their position in the ability range, have the opportunity to sit a wide range of subjects at GCSE level. Pupils are not withdrawn from subjects in order to improve our pass rate or the quality of our grades.

On average over 62% of results have been at the top grades of A*, A or B with 95% of students gaining 5 or more GCSEs grades A* to C over the last 4 years.
