VISION STATEMENT

1. Under the Equality Act 2010 all schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:
 - a. He or she has a physical or mental impairment; and
 - b. The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.
2. The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Headmaster. At Tettenhall College the Plan will form part of the School Buildings and Infrastructure section of the Strategic Plan and will be monitored by the Senior Leadership Team and evaluated by relevant Governors’ committees.
3. At Tettenhall College we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.
4. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes. The intention is to provide a projected plan for a three-year period ahead of the next review date. The Accessibility Plan will be published on the School website.
5. Tettenhall College is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional, cultural and learning needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the School. The Senior Leadership Team and Governors will also ensure that adequate funding is made available to implement the plans laid out in this policy.
6. The Tettenhall College Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan contains relevant and timely actions to:
 - a. Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
 - b. Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe; and

Last Review Date: 1 Sep 23

Next Review Date: 31 Aug 26

- c. Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.
7. The Tettenhall College Accessibility Plan relates to the key aspects of physical environment, curriculum and written information. Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.
8. This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:
 - a. Behaviour Policy;
 - b. Curriculum Policy;
 - c. Emergency Plan;
 - d. Equal Opportunities Policy;
 - e. Health & Safety Policy;
 - f. Equality Plan;
 - g. School Prospectus;
 - h. Strategic Plan;
 - i. Special Educational Needs Policy; and
 - j. Staff Development Policy.
9. The Accessibility Plan for physical accessibility relates to the Access Audit of the School, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the School prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.
10. Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all Governors' Committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.
11. The Accessibility Plan will be published on the School website. The Accessibility Plan will be monitored by the Senior Leadership Team and Governors' Committees.
12. The Accessibility Plan may be monitored by ISI during inspection processes in relation to Schedule 10 of the Equality Act 2010.

AIMS AND OBJECTIVES

13. Our Aims are:
 - a. Increase access to the curriculum for pupils with a disability;
 - b. Improve and maintain access to the physical environment; and
 - c. Improve the delivery of written information to pupils.
14. Our objectives are detailed in the Action Plan below. Reference in this document to "the School" includes Sixth Form, Senior School, Preparatory School and Nursery.

Next Review Date: 31 Aug 26

CURRENT GOOD PRACTICE

15. We ask about any disability or health condition in early communications with new parents and carers and also ask for details of medical or other conditions on the Registration Form. Where parents are disabled, appropriate steps will be taken so that they are able to access meetings with staff, parents evenings etc.

Physical Environment

16. Disabled pupils participate in extra-curricular activities. Some aspects of extra-curricular activities present particular challenges, for example: lunch and break times for pupils with social/interaction impairments, after-school clubs for pupils with physical impairments, school trips for pupils with medical needs; there are very few parts of the School to which disabled pupils have limited or no access at the moment.

Curriculum

17. There are areas of the curriculum to which disabled pupils have limited or no access. Some areas of the curriculum present particular challenges, for example: PE for pupils with a physical impairment. Other issues affect the participation of disabled pupils, for example: bullying, peer relationships, policies on the administration of medicines, the provision of personal care, the presence or lack of role models or images of disabled people, in effect, all the School's policies and procedures, written and unwritten.

Information

18. Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is planned, with a range of different formats available for disabled pupils, parents and staff.

Counselling

19. The School provides an independent counselling service. Details of how to contact the counsellor are available to both day pupils and boarders. A nominated and appropriately trained member of staff is also available to mentor any pupils and liaises with the School counselling service as and when appropriate.

ACCESS AUDIT

20. Tettenhall College is spread across a site of 33 acres and has numerous buildings of varying age. Newer buildings such as the Preparatory School and Science Block extension to Jacks Block have been designed with physical access needs in mind. Both buildings have lifts to the first storey and in the case of Jacks Block a wheelchair lift is also provided. However, older buildings such as The Towers and the Boys Boarding House do not have lifts to upper storeys; however, physical access requirements will be taken into account when these buildings are refurbished as detailed in the School Strategic Plan. When refurbishment is planned in addition to improving access consideration will also be given to heating, lighting and acoustics to improve the experience for those with disabilities. An added complication is that the Towers is a grade 2* listed building and consultation will be required with English Heritage and the local Conservation Officer when refurbishing this building.

21. Disabled parking bays are provided both for School staff and also for visitors. A low-level desk has been fitted in Reception to accommodate those persons in wheelchairs. Disabled toilet facilities are available around the College. The School has internal emergency signage and escape routes are clearly marked.

Next Review Date: 31 Aug 26

22. The School has its own Surgery that is manned on a rota by 3 appropriately qualified nurses. Out of normal working hours support is provided by an on-call rota system. Separate sick bays are available for boys and girls. A First Aid policy is in place and a significant number of staff, both academic and support, are first aid trained.

MANAGEMENT, COORDINATION AND IMPLEMENTATION

23. We will consult with the School Nurses and when necessary, external experts when new situations regarding pupils with disabilities are experienced.

24. The Governors and Senior Leadership Team will work closely together to address any issues identified.
